MUCH INTEREST IN JEFFERSON HIGHWAY

A great deal of interest along the designated route of the Jefferson Highway, to extend from Winnipeg, Canada, to the Gulf, is being manifested, and the president of the association says the highway will be actually built through this county, and not "on paper." According to the officers of the association, counties through which the route will pass will be obliged to show up taxable values sufficient to insure bond issues to take care of each county's end of the route. It is expected that the Jefferson route will rival the great Lincoln Highway which runs east and west.

DURANT BANDITS TO TRIAL ON DECEMBER 9

Dave Widner and Red Kelley, the two Durant bandits who are in custody in Dallas on charges of robbery with firearms and for shooting two detectives who attempted to arrest them, will be tried on the ninth of this month. Both men, when arraigned before the district court said that they were without counsel or money, whereupon the court appointed counsel for them.

INSPECTING HIGHWAY IN AUTO THIS WEEK

President C. O. Johnson of the Oklahoma, Texas & Gulf Highway Association, left here Monday in his new Willys-Knight car to go to Oklahoma City over the highway to inspect the road. He will take his time on the going and returning trips, and will endeavor while on the trip to work up additional interest in good roads along the route. He will return probably Friday or Saturday.

BANK ROBBED IN DAYLIGHT

Three white men and a nigger robbed the Farmers National Bank at Ft. Gibson of \$5447 Monday, took their loot in a sack and quietly rode out of the town to the northeast. Posses were organized, but at last reports the bandits were safe. One of the robbers guarded the door while the others entered the bank, locked two customers and one officer in the vault and made the cashier dump all the bank's cash into a sack, after which the cashier too was locked in the vault. The men got out of the vault by working the combination from the inside with a screwdriver.

PLAN GET-TOGETHER BANQUET

The 25 Expansion Club plans a course supper and speaking program at some very near date, probably the 14th of this month. A banquet will be set for 100 people at a local hotel, and several prominent people from out of town will be invited to attend and participate in the program of the evening.

TWO TESTS FOR ANY CIGARETTE

The taste of the cigarette—according to a leading tobacco journal—is up to the smoker. But there are other qualities that you should look for in the cigarette that you are going to smoke. Here are a couple of tests that may help the average smoker choose more wisely between different kinds of cigarettes.

The first test is for coolness, which means more comfort to the throat and tongue. Light an ordinary cigarette. Draw in a small, ordinary puff of smoke—a few seconds. Let it rest in your mouth for a few seconds. If "that" smokes against your tongue and throat. Now blow out the smoke. If the cigarette leaves a high grade of mild tobacco, it will always feel the right proportion. It will always feel cool and smooth both to your throat and to your tongue.

On the other hand, if the proportions are not right and if the cigarette contains interior grades of tobacco or hidden strands of rank, oily leaf, you will feel a nipping sting at the tip of your throat or that "sandpaper" tickle in your throat.

Test number two—How do you feel after smoking all day?

If the tobacco in the cigarette includes a correct proportion of mild grades—and if all of the various grades have been properly blended by age—and if they have been so blended as to bring out the best qualities in each of the different types of tobacco, you will be able to smoke cigarettes when you feel like it, throw it away without feeling any effect from it.

But with another cigarette in which the blend is less skillful, even though the tobacco are of the highest grade, you will find along towards the end of the day that you are likely to have that feeling of having "smoked too much."

Clip out these tests and try them on Fatima.

Three Cigarette Faults to Avoid

First, avoid cigarettes that don't just suit your own taste.

Second, avoid those that bother your throat or tongue.

Third, avoid those that make you "feel mean" after smoking all you want.

If Fatimas, for instance, seem to you to be guilty on any one of those three counts, we say, avoid Fatimas.

We mean what we say—for, when it comes to the taste, Fatimas can't possibly please everybody—no cigarette can do that. But Fatimas do please more men than any other cigarette costing over 5c.

That's one reason why you should try them.

Another reason is because they are so SENSIBLE—so free from any "after-feeling."

If you want to know exactly what a "sensible" cigarette is, just try Fatimas by these two tests. Do that little thing today—you'll be glad.

Lygia M. Ayres-Turner Co.

FATIMA was the Only Cigarette Awarded the Grand Prize, the highest award given to any cigarette at the Panama-Pacific International Exposition.

MONDAY IS TRADES DAY

Next Monday, December 9th, is Trades Day, and almost every retail merchant in the city has prepared himself for an extra volume of business, in response to the big co-operative advertising which has been done, covering the territory for fifty miles in all directions from the city. Almost every business house in the city has advertised special values for that day and a large trade is expected by all the merchants.

CAREFULNESS A FIRST DUTY

IN the selection of candies use extreme care, for adulterated and chemically dyed sweets cause much ill health. Accompanying the extensive stock of drugs and other medical supplies in this store you will find an assortment of truly delicious candies warranted to be pure and wholesome. Fit for children as well as grownups. In moderation they will be found to be actually beneficial. Our cigars will gratify you.
